THE GAME

This all action intergalactic wrestling match puts you in the ring with six of the meanest ugliest characters you could possibly imagine and your unenviable task is to attempt to knock 'em all senseless!

Your opponents, all professional wrestlers and interplanetary champions, are going to be pretty tough to beat, but if you can manage a well timed armspin, your opponent might just remain stunned long enough for you to climb up the sides of the cage which surrounds the ring and win the match! Your reward, if you manage to do that is the chance to face an even tougher challenger than before!

Watch out though, your opponent can shake you off the cage – and doubtlessly will do if he gets the chance.
